1. What is your connection or interest in this case? * For example, are you a customer of the Company that is the subject of this pending proceeding? (This section must be completed. Attach additional information if necessary.)

I am another disgusted customer of Utilities Inc.

2. Please give a concise statement of your protest. * (This section must be completed. Attach additional information if necessary.)

I protest the proposed rate increase Utilities, Inc.. They should have been performing preventative maintenance on the entire system instead of waiting for various portions of the system to completely fail then fix them. This increase is for nothing more than to offset the pitiful management of our utilities for years. It's time for them to spend their money to fix the system they own, not ours.

3. Do you wish to make an appearance at a hearing in this proceeding, if scheduled, and offer sworn testimony? *

If needed.
